

Bunkbed Guidelines

- 1** End of structure at the head of the bed.
- 2** Guardrail height must be 5 inches or more above the mattress.
- 3** Vertical spacing between rails may not exceed 3.5 inches
- 4** Ladder
- 5** 2.5 feet from top of mattress to bottom of upper bunk and ceiling for upper bunk
- 6** End of structure at the foot of the bed.

Notes: Guardrail requirements apply to both sides of the bed when the bed is not secured against a wall.
