NOTES: _____

PLAN CHECKLIST/MAINTENANCE AGREEMENT

Plan must be sent to and approved by County Land and Water Conservation Department before construction begins.
Each line below must be initialed by landowner or representative agent. This plan will not be approved unless each line is initialed when submitted.

Initials:

	Landowner and Contractor/Excavator are aware of/understands plan and consequences of not following plan (stop work order, citation)
	Landowner and Contractor/Excavator are aware of/understand Marquette County Shoreland Zoning Ordinance "Chapter 70, Article IV" and how it pertains to filling, grading, and excavating within 35' of the OHWM. https://www.co.marquette.wi.us/home/showpublisheddocument/16985/638228721056100000
	Landowner and Contractor/Excavator are aware of/understand Marquette County Shoreland Zoning Ordinance "Chapter 70, Article IV" and how it pertains to the removal of Shore Cover/Vegetation within Shorelands. https://www.co.marquette.wi.us/home/showpublisheddocument/16985/638228721056100000
	Plan meets all requirements of the WI DNR Rip Rap Permit Exemption Checklist or can provide proof of permit issued by WI DNR. https://dnr.wisconsin.gov/sites/default/files/topic/Waterways/checklist/ExemptionChecklist-Riprap.pdf
	Seeding/Vegetation plan is ready to apply immediately after construction is complete and erosion blanket installed. During delays in construction of 20 days or greater temporary cover (Annual Ryegrass) must be planted.

The undersigned agrees that all work shall be done in accordance with this Riparian Zone/Rip Rap plan, all requirements of the Marquette County Zoning Ordinance and all applicable laws, codes and regulations of the State of Wisconsin and that the information is true to the best of his/her knowledge. Any deviation from the design or maintenance requirements of this plan shall constitute a violation and be subject to enforcement action under section 70.67 of the Marquette County Zoning Ordinance. The undersigned grants permission for the Marquette County Land and Water Conservation Department, its agents or designees, to enter the premises and inspect the work to determine compliance with this plan.
